Three _____ Indicators of Santa Catarina

03

Indicators of Santa Catarina

Competitiveness Excellence

Strengths: strategic location, port competitiveness, qualified and available workforce, cultural and economic diversity.

The state of SC is the second most competitive in the country.

(According to the ranking of the Centre for Public Leadership (CPL), based on criteria from The Economist magazine).

Santa Catarina holds **the 2nd place among the most competitive states in Brazil** and is the leader in indicators

above the average of those recorded by countries of the OECD - Organization for Economic Cooperation and Development, winning the Excellence in Competitiveness award in the International Highlight category.

Since 2017, the state occupies the second position in the survey.

SC ranked first in the country in Public Safety and Social Sustainability.

03

Indicators of Santa Catarina

2nd 2nd Largest GDP (8.3%) in Brazil in 2021.

2nd 2nd Second place in the country in Public Safety and Social Sustainability.

2nd 2nd Second place in the country in Efficiency of the Public Sector and Education.

2nd 2nd Second place in Infrastructure and Innovation.

1st 1st Largest fishing production in Brazil.

1st 1st Improved performance in service production.

4th 4th place in Brazil exceeding 1 million active companies with an average time (15 hours) of register at JUCESC. [Commercial Registry of Santa Catarina]

1st 1st Largest clothing and accessories hub in Brazil.

2nd 2nd Brazil's largest poultry producer, accounting for 23.6% of export revenues.

1st 1st Largest national pork producer

2nd 2nd In the creation of formal jobs.

2nd 2nd Second place in the country with the most competitive industry.

3rd 3rd Third highest rate (6.3%) in the country of growth in economic activity.

4th 4th In trade sales volume growth.

03

Indicators of Santa Catarina

1st

Brazil's main furniture hub and in 2021 exports amounted to US\$ 25.9 million with a growth of 28% if compared to the same period in 2020.

Unemployment rate 4.5% in 2022, the lowest in the country.

Santa Catarina has been certified, for 15 years, as an Area Free of Foot-and-Mouth Disease without vaccination.

Main export products: soybean, poultry meat, pork meat, plywood, electric motors, food, beverages, carpentry, furniture, engine parts.

03

Indicators of Santa Catarina

Industry Growth:

teve uma alta de **26,7%** entre janeiro e maio de 2021.
É o segundo melhor resultado do Brasil. O crescimento nesse período foi de mais que o dobro da média nacional, de 13,1%.

previous index

growth

Growth of the Services Sector: with one of the best results in the country, it presented a growth of **15,6%** in the first five months of 2021. The result is more than double the growth of the national volume, which was 7.3%. The positive data places Santa Catarina in second place in this aspect.

Commerce, construction and agriculture and cattle-raising also hired more than they dismissed, with positive balances of 2,982, 1,408 and 153, respectively.

03

Indicators of Santa Catarina

SC: Leadership in Generation of Jobs:

95,9%

Of the 295 municipalities in Santa Catarina, 283 had a positive balance in the last 12 months. This represents 95.9% of the municipalities with more hirings than dismissals, the highest percentage in Brazil.

90%

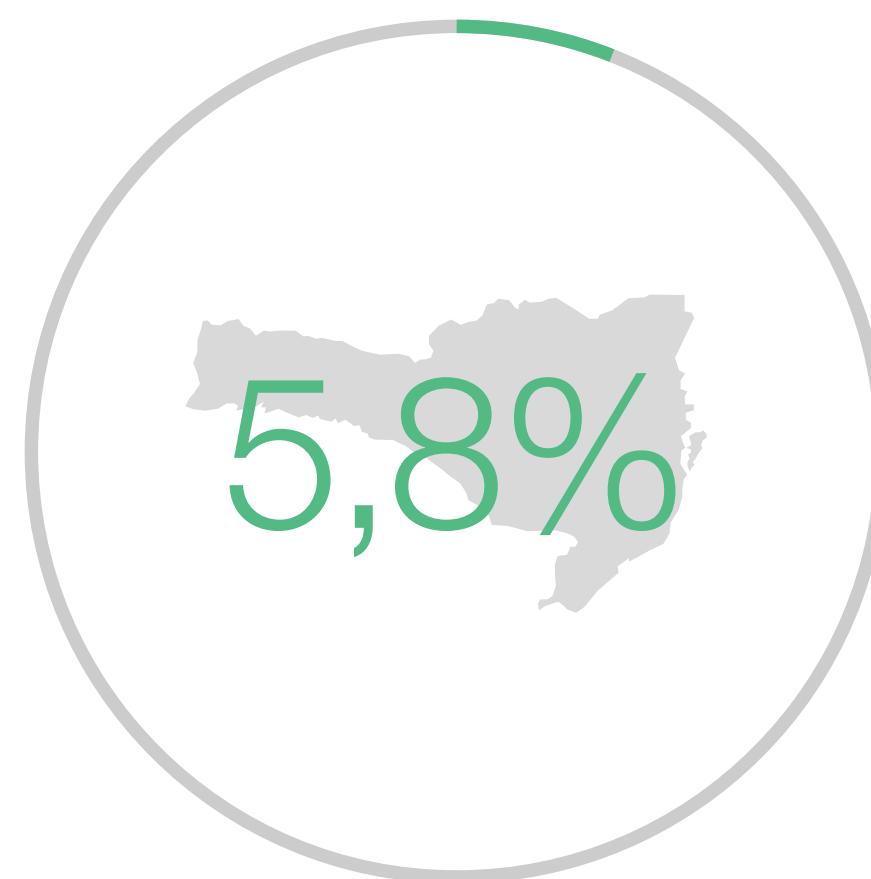

75%

Formal employment rate: 90% the highest percentage of formalised workers in Brazil, against a national average of 75%.

03

Indicators of Santa Catarina

Formal employment rate: 90% the highest percentage of formalised workers in Brazil, against a national average of 75%.

17.829

Santa Catarina is once again highlighted in the Ministry of Economy's data on job creation in September. With **17.829 new formal job openings**, the state had **the best performance in the South of the country last month.**

176.789

In 2021, SC has a balance of 176,789 new jobs. This is the third best result in absolute numbers among all the states, behind only São Paulo (786,000) and Minas Gerais (290,000), both with much larger populations than Santa Catarina.

Four --- Quality and training of the workforce

04

Quality and training of the workforce

Education in Santa Catarina has the best national indexes

Highest BEDI in the country in the early years of elementary education: 6.5 in its total network.
(Basic Education Development Index)

2nd

Second highest literacy rate in the country according to IBGE 2019 data: 97.7% of the population aged 15 years and over is literate. The National average is 93.4.

2nd

Second highest percentage of **people aged 18 to 24 attending Higher Education** in relation to the population in this age group. The percentage in Santa Catarina is 28.3 while the national average is 21.5.

3rd place in the ranking of **average years of study of the population** aged 18 to 29 years: 12 years. The national average is 11.6.

04

Quality and training of the workforce

Education in Santa Catarina has the best national indexes

76,8%

76.8% of young people aged 15 to 17 are enrolled in Secondary Education.

Capital city with **the lowest illiteracy rate in the country**, Florianópolis has a percentage of 0.8% among the population aged 15 or over.

48,5% of the Santa Catarina population has completed Secondary Education and **18,1%** has completed Higher Education.

20.9% of the population aged 15-29 were employed and attending school in 2019, **the highest percentage in the country.**

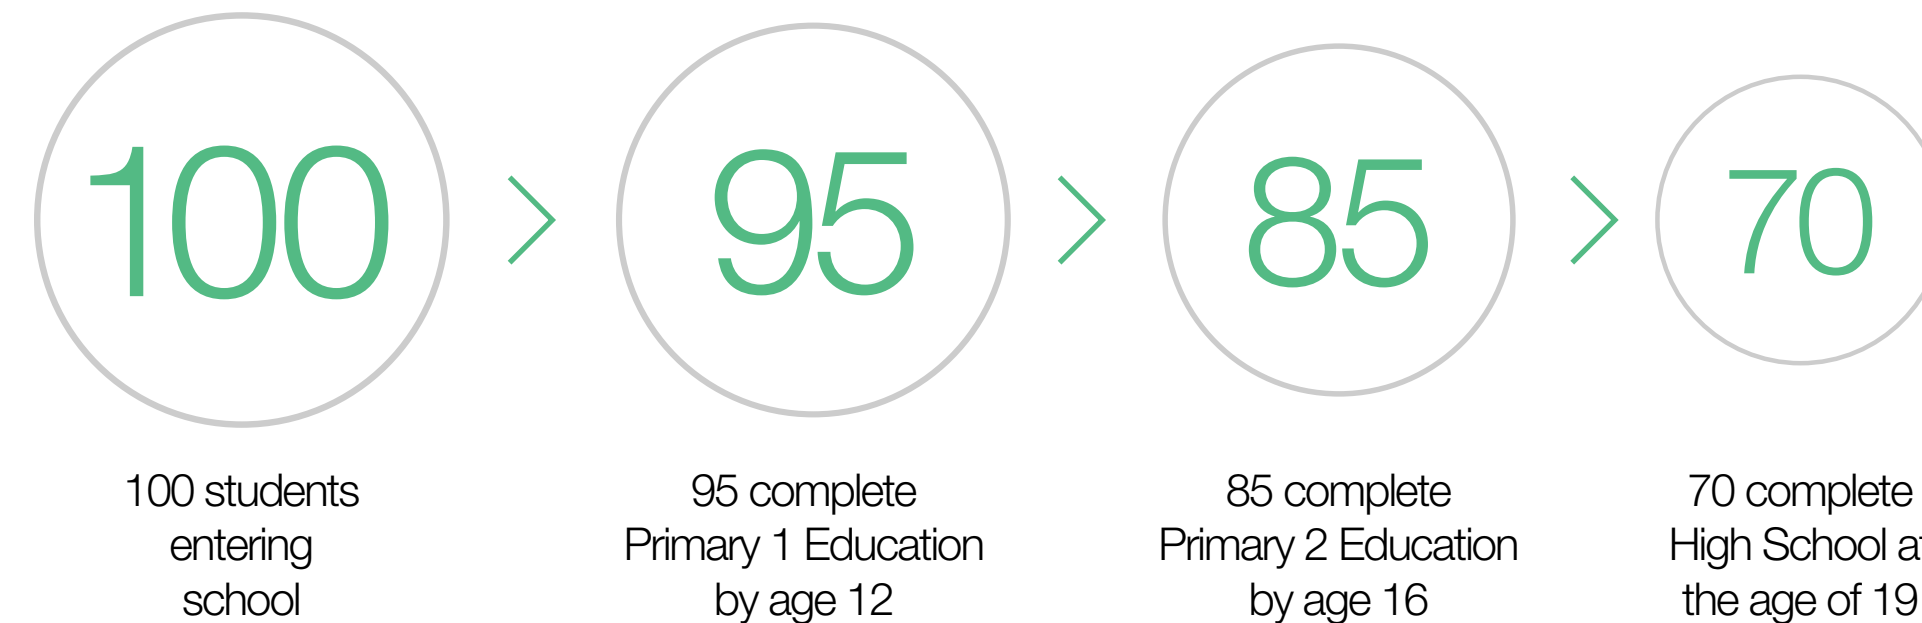

04

Quality and training of the workforce

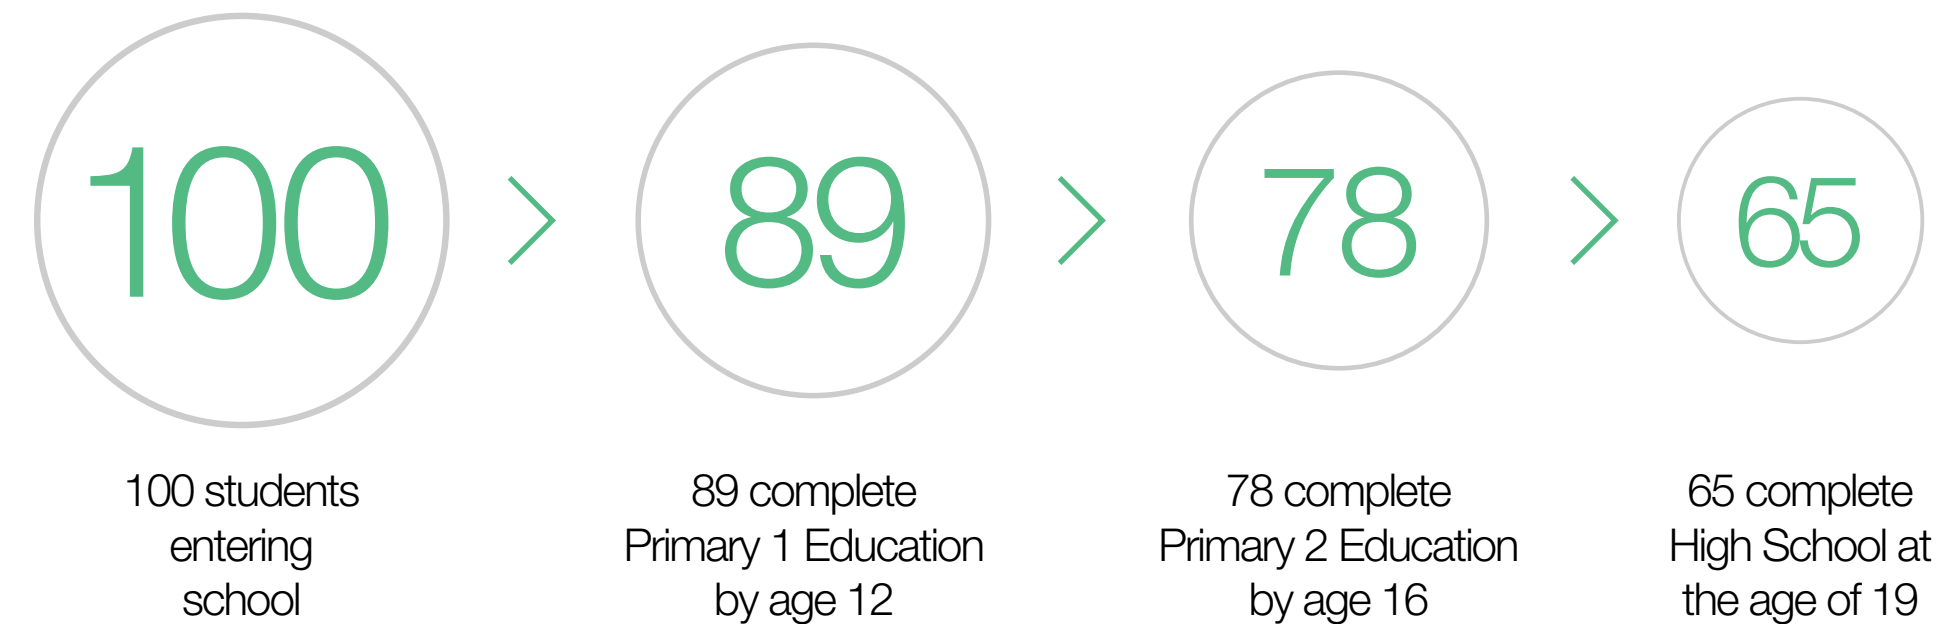

According to data from the Brazilian Yearbook of Basic Education/2020, the national average of students completing National High School is 65%. Santa Catarina has a percentage of 70%, placing it in 5th position in the national ranking.

In Santa Catarina:

From Every

Brazil average

04

Quality and training of the workforce

Santa Catarina Universities among the best in the country

Santa Catarina has more than 500 higher education campuses spread across the State. In which, we highlight 4 universities that had the best score in the General Index of Courses (IGC), raised by the Institute of Educational Studies and Research Anísio de Teixeira (Inep), linked to the Ministry of Education (MEC) in the 2019 report:

Among the five best in the country, the Federal University of Santa Catarina (UFSC) has IGC continuous 4.141 and IGC range 5.0.

In the ranking of the 100 best universities in the country, another 3 colleges from Santa Catarina were highlighted: Centro Universitário Sociesc de Blumenau (IGC continuous 3.92 and concept 4), Faculdade Sociesc de Florianópolis (IGC continuous 3.62 and concept 4) and Centro Universitário Facvest de Lages (IGC continuous 3.60 and concept 4).

*Continuous IGC: this is the institution's final grade, with an average of all the components that were assessed. The institutions are evaluated from 1 to 5, being 5 the highest score. *IGC range: this score is the rounded value of the continuous IGC, the generally disclosed score. When an institution's continuous score is equal to or higher than 3.945, its score is the maximum value, i.e. 5. In other words, when a course has a grade lower than 3.945 the value of the IGC range will be 4, and so on.*

04

Quality and training of the workforce

The State and Human Development

Santa Catarina is one of the best states to live in. And this is not only due to its natural beauty. The investments in a better quality of life for the population can already be seen:

1st place in the Ranking of Well-Being in Brazil according to a survey conducted by the Getúlio Vargas Foundation (FGV), that is, it is the happiest state in the country. Santa Catarina leads the ranking for the second time and demonstrates its evolution, from 27th position in 2013 to first place.

Third state in the national HDI ranking*. In which 3 cities are among the 10 with the highest HDI of the country: 3rd place the Capital, Florianópolis, 4th place Balneário Camboriú and 8th place Joaçaba. The Human Development Index (HDI) is a summary measure of the long-term progress in three basic dimensions of human development: income, education and health.

*Human Development Index (HDI)

04

Quality and training of the workforce

Encouraging entrepreneurship and innovation

93% of the companies are small businesses showing the strength of Santa Catarina's entrepreneurship.

Encouraging professional training through exclusive programmes.

One example is the Young Professional, a programme of the Catarinense Institute of Professional Education (ICAEPS), sponsored by SEAC-SC, with support from Sindesp-SC, Junior Achievement and Fevas, which offers free courses to young people aged between 14 and 24, preferably children of employees of the companies in the cleaning, conservation and outsourced services segment associated with ICAEPS and socially vulnerable young people in the state of Santa Catarina. The project focuses on innovation and entrepreneurship.

04

Quality and training of the workforce

Quality and training of the workforce

Support programs for entrepreneurs in Santa Catarina, such as, SC Mais Renda, launched in July 2021 by the State government.

The program aims to support entrepreneurs from Santa Catarina in the recovery and maintenance of their activities with job guarantee.

With a turnover of 7% in the national technology sector, Santa Catarina has a turnover of R\$ 17.7 billion in the area. The participation of technology in the state GDP is higher than the Brazilian average. And number of employees in the technology sector grew by 9.1% in 2019.

04

The State and Industrial Development

Quality and
training
of the
workforce

In 2021, second place in the country
with the most competitive industry.

04

Quality and training of the workforce

Profile of students and professionals from Santa Catarina

9,1%

9.1% was the **growth in the number of those enrolled in higher education** from 2010 to 2019. In contrast, in this period the country suffered a drop of -3.8%.

5.1% was the expansion in the number of graduates in the state between 2010 and 2019, while the national average showed a drop of -5.7%.

3rd state with the largest number of employees in the technology sector in Brazil. With 56.5 thousand workers in the area, Santa Catarina is only behind São Paulo and Minas Gerais, states more populous than Santa Catarina. In addition, it was the state that showed the highest growth in the number of employees in 2019.

04

Quality and training of the workforce

Profile of students and professionals from Santa Catarina

Law, Administration and Engineering are areas with the highest number of students. Of the 222 thousand enrolments, there is a predominance of these 3 areas among those enrolled in Santa Catarina higher education in 2019.

2nd state with the highest participation of students in Technology areas. With 34.7 thousand students enrolled in courses in technology areas, which represents 15.6% of students, Santa Catarina is the second state at Brazilian level.

Highest percentage of STEM students in Brazil. With 31% of students enrolled in science, technology, engineering and mathematics courses, Santa Catarina has the largest national presence in the area.

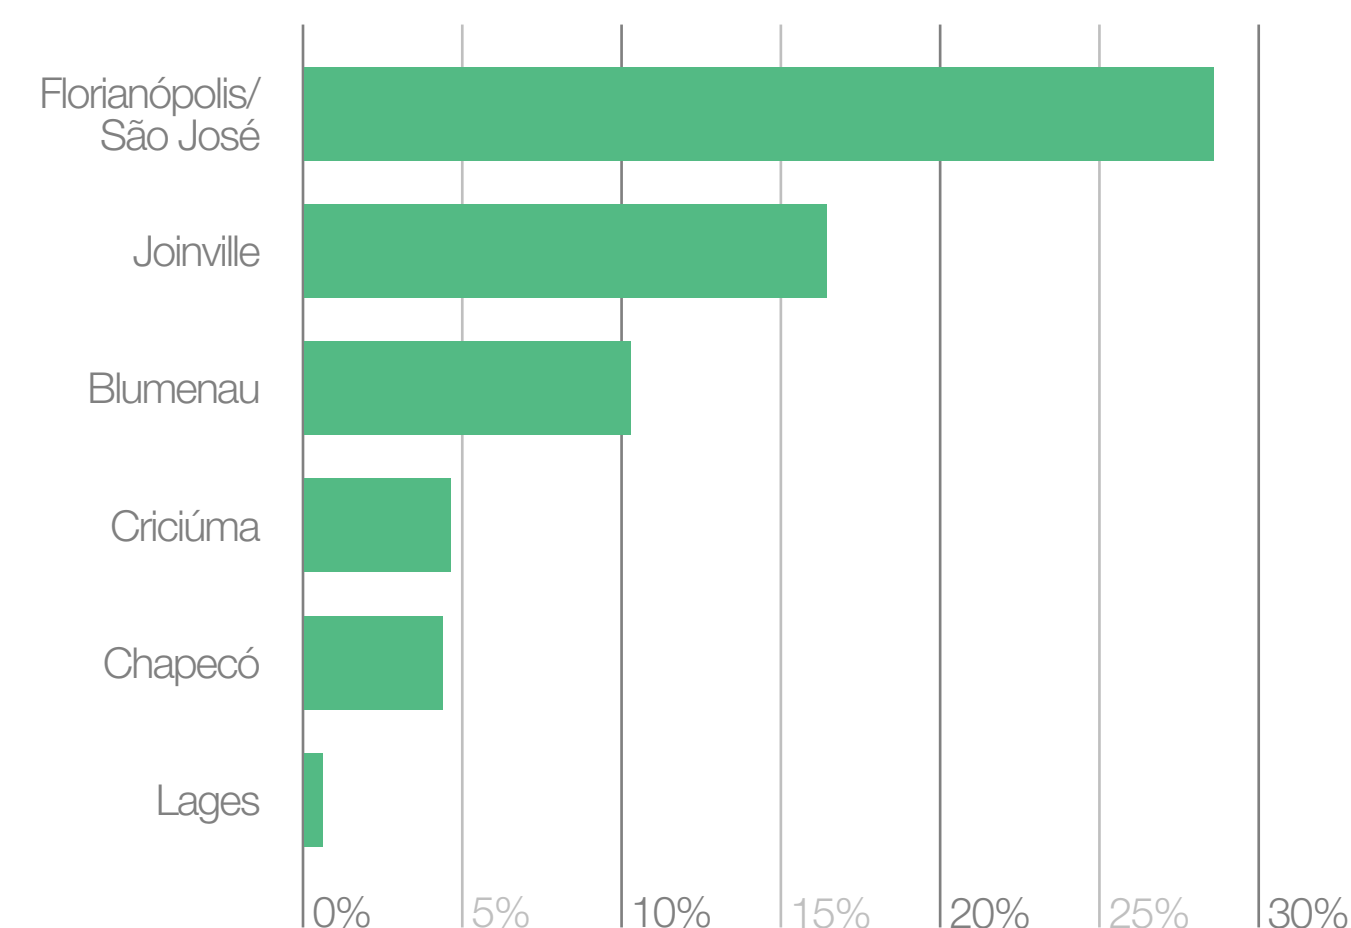

04

Quality and training of the workforce
